

# NEW 2027 LONG RANGE SNIPER SCHOOL

## STATE OF THE ART HUNTER COURSE & MOVING TARGET SIMULATOR.

### TRANSFORM THE WAY YOU APPROACH SHOOTING A RIFLE

#### Objectives

The goal of this Long Range Sniper Course is to improve your ability as both a hunter and a shooter, ensuring that when your next trophy opportunity presents itself, you will have the skills and confidence to make a clean, ethical harvest.

Topics covered during the course will include, but are not limited to, the following:

- Ballistic solutions: Kestrel, ballistic turrets, range-finding optics/binoculars, ballistic apps, dope cards, etc.
- Rifle truing
- Proper technique and shooting fundamentals
- Target acquisition and referencing
- Glassing and ranging techniques
- Shooting positions
- Gear selection and application

Advanced topics include:

- Fundamental recap – positioning of support hand, eye relief, and trigger control
- Hunting/field positioning – tripod and unsupported techniques
- Wind reading – mirage, terrain features, speed, and direction
- Environmental and wind conditions – effects on elevation corrections
- Advanced rifle truing techniques – velocity vs. ballistic effects
- Learn how to shoot a moving target – speed determination, time of flight (TOF), measurement, and wind correction

#### Hosts

Freddy Harteis, host of Stonewall The Outfitter on The Sportsman Channel and co-owner of the Harteis Ranch, joins Josh Cluff, Vice President of Sales & Marketing for H-S Precision, to offer hunters a unique 3½-day experience at a premier facility mastering the skills of long-range shooting.
